Re: PennEast Pipeline Company, LLC  
Docket: CP15-558-000

Gentlemen:

Holland Township supports the recent decision by the Third Circuit Court of Appeals in the matters involving the proposed PennEast Pipeline.

Our Township has been an intervenor in the PennEast application process since the beginning and wishes to continue that status because the citizens of our community have so much at stake. Construction of the pipeline would endanger the quality of our water, the wells that serve most Holland residents, and the property rights of individuals and the Township. The most challenging engineering feat of the entire project – HDD under the Delaware River – makes its landing in Holland.

If FERC decides to go ahead and issue an interpretive statement, Holland Township shall continue as an intervenor in order to protect the rights of our residents and the valuable natural resources within our borders.

Respectfully submitted,

*Daniel Bush*

Daniel Bush, Mayor
